## Commercial Water Purification Equipment

Large capacity water treatment solutions for offices, schools, restaurants, factories and public places.

### UF Ultrafiltration System

Hollow fiber ultrafiltration membrane system, high water yield, removes suspended solids and colloids for commercial water supply.

UF Membrane High Flow Commercial

\$65 - \$500

[Details](#)

### Basic Commercial RO System

Standard reverse osmosis system with stable output, automatic operation, perfect for small shops and business use.

Automatic Standard RO Small Business

\$950 - \$1,380

[Details](#)

Best Seller

### Vertical Water Purifier with Tank

Integrated with water storage tank, continuous water supply for offices and public areas, large flow and long service life.

With Storage Tank Vertical Type Public Use

\$1,280 - \$2,280

[Details](#)

Best Seller

### Single Pre-Tank RO System

Single pre-treatment tank design, compact structure, stable water output for small commercial and office scenarios.

Single Pre-Tank Compact Commercial

\$1,280 - \$2,280

[Details](#)

Best Seller

### Dual Pre-Tank RO System

Double pre-treatment tanks for better water quality, higher stability and longer filter life for medium commercial use.

Dual Pre-Tank Stable Output Medium Commercial

\$1,280 - \$2,280

[Details](#)

Best Seller

### Triple Pre-Tank RO System

Three pre-treatment tanks for deep purification, high reliability for factories, restaurants and large public places.

Triple Pre-Tank Deep Purification Large Scale

\$1,280 - \$3,280

[Details](#)

Best Seller

### Stainless Steel RO System

All stainless steel body, corrosion resistant and hygienic, suitable for food factories, beverage shops and high-standard places.

Stainless Steel Hygienic Grade Durable

\$1,280 - \$3,280

[Details](#)

### 8040 Membrane Industrial System

Large industrial RO system with 8040 membranes, 1-5T per hour capacity for factory processing and industrial water demand.

8040 Membrane 1-5T/H Industrial Grade

\$2,800 - \$6,500

[Details](#)

## Household Water Purification Equipment

High-efficiency home water treatment systems for safe, clean and healthy drinking water for families.

### Countertop RO Water Purifier

Compact tabletop reverse osmosis system, effectively filters heavy metals, bacteria and residual chlorine, providing safe drinking water at home.

Countertop RO Filtration Household

\$65 - \$135

[Details](#)

### Under Sink Water Purifier

Hidden under-counter installation, multi-stage filtration, low noise and maintenance free, ideal for kitchen daily use.

Under Sink Space Saving Kitchen Use

\$65 - \$135

[Details](#)

### Integrated RO Water Purifier

All-in-one design suitable for home, office, shops and small business scenes, stable performance and easy operation.

All-in-One Multi Scene High Efficiency

\$200-\$380

[Details](#)

## Bottling & Processing Equipment

Complete water bottling production lines for purified water, mineral water and drinking water factories.

### PEPET Sachet Packaging Machine

Automatic small-scale filling and sealing machine for plastic sachet water production.

Sachet Packing Small Scale Automatic

\$950 - \$1,850

[Details](#)

### PE Sachet Water Production Line

High speed PE film sachet water machine, stable running and easy operation for small water plants.

PE Film High Speed Sachet Water

\$1,380 - \$3,000

[Details](#)

### Full Water Bottling Turnkey Line

One-stop solution including purification, filling, capping, labeling and packing for medium & large water factories.

Turnkey Project Full Automatic Custom Design

Contact for Quote

[Details](#)

## Seawater Desalination Equipment

Professional SWRO systems for converting seawater to drinking water, used in islands, ships and coastal areas.

### Small Seawater Desalination Unit

Portable SWRO system for islands, yachts and coastal families, turns seawater directly into safe drinking water.

SWRO Small Capacity Marine Use

\$3,800 - \$9,800

[Details](#)

### Medium Pressure SWRO System

Energy-saving medium pressure seawater desalination system, higher recovery rate for resorts and coastal projects.

Medium Pressure Energy Saving Project Use

\$3,800 - \$9,800

[Details](#)

Under Sink Ro Water Purifier

Parameter	Value
Capacity	50-100Gallon / Per Day
Power	220V / 50Hz
Working Pressure	0.3-0.45 MPa
Recovery Rate	50% - 65%
Filter Life	12-24 Months
Application	Household / Shop
Material	Food Grade Plastic
Dimensions	-----cm
Shipping Volume	-----CBM
Raw Water Requirements	TDS : < 2000

Business Ro Water Purifier

Parameter	Value
Capacity	400 - 800Gallon / Per Hour
Power	220V / 50Hz
Working Pressure	0.3-0.45MPa
Recovery Rate	50% - 65%
Filter Life	24-48 Months
Application	Houshold / Shop / Office
Material	Carbon Steel +PP
Dimensions	-----cm
Shipping Volume	-----CBM
Raw Water Requirements	TDS : < 3500

Basic RO Water Purifier

Parameter	Value
Capacity	250L - 500L / Per Hour
Power	220V / 50Hz
Working Pressure	0.8-1.0 MPa
Recovery Rate	50% - 65%
Filter Life	48 Months
Application	Commercial / Factory
Material	Stainless Steel + PP
Dimensions	64× 62.5 × 142 cm
Shipping Volume	0.88CBM
Raw Water Requirements	TDS : <3500

2Pre Tank RO Water Purification System

Parameter	Value
Capacity	250L - 1000L / Per Hour
Power	220V / 50Hz
Working Pressure	0.8-1.0 MPa
Recovery Rate	50% - 65%
Filter Life	48 Months
Application	Commercial / Factory
Material	SS316 + FRP
Dimensions	120× 63 × 175 cm
Shipping Volume	1.86CBM
Raw Water Requirements	TDS : < 4500 ; Max8000

3Pre Tank RO Water Purification System

Parameter	Value
Capacity	250L -1000L / Per Hour
Power	220V / 50Hz
Working Pressure	0.8-1.0 MPa
Recovery Rate	50% - 65%
Filter Life	48Months
Application	Commercial / Factory
Material	SS316 +FRP
Dimensions	150 × 63 × 175 cm
Shipping Volume	2.3CBM
Raw Water Requirements	TDS : < 5000 ; Max10000

Stainless-steel Commercial RO Water Purification System

Parameter	Value
Capacity	250L -1000L / Per Hour
Power	220V / 50Hz
Working Pressure	0.8-1.0 MPa
Recovery Rate	50% - 65%
Filter Life	48Months
Application	Commercial / Factory
Material	SS316
Dimensions	----- cm
Shipping Volume	-----CBM
Raw Water Requirements	TDS : < 5000 ; Max10000

8040membrane RO Water Purification System

Parameter	Value
Capacity	1t-10t / Per Hour
Power 1TPH	220V/50Hz
Power 2-10TPH	380V/50Hz
Working Pressure	1-2MPa ; Max4MPa
Recovery Rate	50% - 65%
Filter Life	48Months
Application	Commercial / Factory
Material	SS316 + Food Grade Plastic
Dimensions	-----cm
Shipping Volume	----CBM
Raw Water Requirements	TDS : <5000 ; Max10000

Medium Pressure RO System

Parameter	Value
Capacity	Customized
Power	Customized
Working Pressure	1.5-2.5 MPa
Recovery Rate	65% - 80%
Filter Life	24 Months
Application	Commercial / Factory
Material	SS316 + Food Grade Plastic
Dimensions	----- cm
Shipping Volume	-----CBM
Raw Water Requirements	TDS : < 15000

PEPET Sachet Liquidr Packaging Machine

Parameter	Value
Power	220V / 50Hz
Bag Width	120-160mm
Bag Length	50-200mm
Film Material	PEPET
Application	Commercial / Factory
Material	SS316
Dimensions	45 × 60 × 155 cm
Shipping Volume	0.82CBM

PE Sachet Liquidr Packaging Machine

Parameter	Value
Speed	3000Bags-0.5L / Per Hour
Packing capacity	150ML-1000ML
Power	220V / 50Hz
Bag Width	120-160mm
Bag Length	50-200mm
Film Material	PE
Application	Commercial / Factory
Material	SS316
Dimensions	95 × 80 × 200 cm
Shipping Volume	2.15CBM
Customized	UV Light / Position Sensor

## Company Profile

Founded in 2010, **YIJIE WATER** is a professional manufacturer and exporter specializing in water purification equipment and systems. With over 15 years of industry experience, we are committed to providing high-quality, reliable water treatment solutions to customers worldwide.

Our factory covers an area of 10,000 square meters, equipped with advanced production lines and testing equipment. We have obtained CE, ISO 9001, and other international certifications, ensuring that our products meet the highest quality standards.

Our mission is to provide clean and safe water for every family and enterprise, while adhering to the concept of environmental protection and sustainable development.

**Global Reach**  
 Export to 50+ countries

**Quality Certified**  
 CE & ISO Certified

**Professional Team**  
 100+ skilled employees

**Warranty**  
 2-year product warranty
